## ABOUT ME

---

I am a final-year Computer Engineering student with a strong interest in participating in projects where I can apply my knowledge and demonstrate my potential. I have focused particularly on Python and Java, and I have complemented my academic training with personal projects.

## EDUCATION & TRAINING

---

- **BACHELOR'S DEGREE IN COMPUTER ENGINEERING – INFORMATION TECHNOLOGIES**

University of Seville  
2021-2025

- **MICROSOFT DATAVERSE COURSE**

Training in data management and process automation.

- **GOOGLE CLOUD ASSOCIATE CLOUD ENGINEER – MICROCREDENTIAL - ongoing**

Knowledge in infrastructure, deployment and GCP services.

- **PERSONAL PROJECT**

In parallel with my studies, I am working on several projects.

- Project objective: To develop a mobile application for a hospitality business, capable of fulfilling required services such as user management and order registration. For this, I use frameworks like Flutter (cross-platform) and Firebase (for database and authentication).
- Web development: I have developed web services for end clients.
